PRODUCT OVERVIEW

FOCUS, COLLABORATE, LEARN & SOCIALIZE

who we are

we love furniture. we design for all.
we make it easy. we do what’s right. we know quality.

Focus. Casegoods and seating options for applications on both sides of the door. **Behind the door.** Focused work and privacy for individual professionals, managers, and executives. **Outside the door.** Focused work and a little privacy for individual professionals, specialists, and general employees. This could be a small shared space with a door, high-back lounge configuration, or an open plan workstation.

Collaborate. Products for meetings of any and every size. **Casual.** Impromptu gatherings, brainstorming huddles, and relaxing discussions. Pull up a pod, meet at a media center, or share a seat in a lounge configuration.

Formal. Closed door meetings, technology conferencing and intimate presentations. Comfortable chairs and technology-capable conference tables make meetings productive and spaces desirable.

Learn. Providing tools for achievement and improvement. **Purpose.** Improvement is the cornerstone to progress for individuals and organizations. Any space can be transformed into an environment for training, education or development. **Support.** Having the necessary tools at hand to promote the exchange of information. White boards, lecterns, media carts, tablet arms, and technology enhancements aid in the distribution of ideas and knowledge.

Socialize. Creating community by design. **Interact.** Utilizing innovative modular and freestanding lounge, expanding team stations, specifying updated and creative casegoods series, tables, chairs, dividers. **Welcome.** Even though the workplace is changing, waiting and reception areas are still a fine balance of aesthetics, impression and purpose. **Dine.** Sturdy tables, chairs and stools make it easy to multitask during snacks.

Lounge. It’s a workplace haven that promotes focus, collaboration, learning and social dialogue. Privacy opportunities, media and technology support, modularity, style and increased comfort are making lounge the new specification standard.

JSI, as a division of Jasper Group, holds GSA Multiple Award Contract with General Services Administration Federal Supply Service for casegoods and seating. The below products are available on the GSA schedule and can be purchased through contract number GS-28F-0030U. We are continually adding to this list, so please visit www.jsifurniture.com for the latest GSA information.

information

warranty

JSI warrants to the original purchaser that each piece of furniture will be free from defects in workmanship, given normal use for a period of fifteen (15) years of single shift service. Pneumatic lifts and casters are warranted to be free from defects in material and workmanship for a period of five (5) years.

Drawer suspensions carry a life time warranty. Textile and leather manufacturer’s warranty will apply. Ergo mechanism and controls along with electrical items not manufactured by JSI are covered for a period of one (1) year.

JSI will, at its option, repair or replace any defective merchandise with the terms of this warranty.

JSI makes no expressed or implied warranties to any product and, in particular, makes no warranty of merchantability of fitness for any particular purpose.

- This warranty does not cover:
- Natural variations in color, texture of wood and covering materials over which JSI has no control.
 - Damage created by bottom loading file drawers. File drawers are manufactured for hanging folders only.
 - Normal wear, color fastness, shrinkage, wrinkling, stretching of leather and textiles.
 - Damage caused by transportation or installation companies.
 - Damage created by any accident, user modification, misuse of product or neglect of product care.
 - Damage resulting from extreme climate conditions.

environmental mission

Our vision and goal is a sustaining supplier, manufacturer and customer for the long term protection and preservation of our environment for future generations.

textile programs

JSI is proud to partner with Maharam, Momentum, Ultrafabrics and Wollsdorf Leather. For convenience, we have graded in additional suppliers including Mayer Fabrics, Arc I Com, Designtex, and Stinson. Please see the JSI price lists for more information on carded and grade-in programs.

wood materials

Exterior surfaces are made from the finest selected veneers and hardwoods.

duratex low-emission finish

To reduce hazardous emissions, we use a proprietary, specially designed top coat that offers exceptional hardness, abrasion and impact resistance while reducing hazardous or harmful gases.

BIFMA

BIFMA (The Business and Institutional Furniture Manufacturers Association) is responsible for developing voluntary product and industry standards that support safe, healthy and sustainable environments. All of our products are constructed to meet and/or exceed BIFMA standards for performance, durability and structural integrity.

finishes

natural wood finishes

Every tree has unique and defining characteristics, similar to fingerprints. These characteristics include differences in color, grain and texture. When specifying natural or light finishes, these markings are not masked and are easily detected. With this in mind, we hope you enjoy and appreciate the beauty of each tree’s fingerprints.
